HAND CLEANING SPRAY, 7101

Effectively cleans hands, even if water or the washing room are not available. Contains surface-active agents, perfumes and skin conditioning agents. The efficiency is based on natural citrus oil, which leaves a pleasant mild scent. Also removes dirt stains from synthetic materials, imitated leather and painted surfaces. The Hand Wash can be used to clean glass surfaces. Removes dirt, tar, pitch, resin, animal fats and proteins, adhesives, wallpaper paste, colours, paints, printing ink and stains from ballpoint pens and markers. The product does not contain solvents and is hygienic to use. Biologically degradable. pH 7.5
