SHOT POWER SOLVENT, 2106

AT-Shot power solvent is a powerful industrial solvent-based specialty cleaner for very demanding conditions. Cleaner for fuel remnants, grease, oil, dirt, resin, pitch and wood resin. In applications where the dirt is stubborn, wipe with a clean, lint-free cloth residues off. If necessary, repeat the treatment. Evaporates quickly and leaves behind a clean dry surface. Can damage some sensitive plastic and rubber grades. Test the product before using on these materials. Use in machines, Motors, bearings, brakes, installations, gearboxes, couplings, tools, throttle flaps, ducts, shafts, and in the air and fuel channels of fuel injectors, diesel injectors, as well as for removal of wood resin. For professional use only!
